English version :

Foreword

Please add the following paragraph to the foreword :

This European Standard has been submitted for reference into the RID and/or in the technical annexes of the ADR. Therefore in this context the standards listed in the normative references and covering basic requirements of the RID/ADR not addressed within the present standard are normative only when the standards themselves are referred to in the RID and/or in the technical annexes of the ADR.

Version française :

Avant-propos

Veillez ajouter le paragraphe suivant à l'avant-propos :

La présente norme européenne a été citée en référence dans le RID et/ou les annexes techniques de l'ADR. Par conséquent, dans ce contexte, les normes listées dans les références normatives et couvrant les exigences de base du RID/ADR non traitées dans la présente norme, ne sont normatives que lorsque les normes elles-mêmes sont référencées dans le RID et/ou les annexes techniques de l'ADR.

Deutsche Fassung :

Vorwort

Bitte fügen Sie den nachstehenden Absatz in das Vorwort ein :

Diese Europäische Norm wurde zur Bezugnahme ins RID und/oder in die technischen Anhänge des ADR vorgeschlagen. Daher gelten die in diesem Zusammenhang in den normativen Verweisungen aufgeführten Normen, welche Grundanforderungen des RID/ADR umfassen, die in der vorliegenden Norm nicht behandelt wurden nur dann als normativ, wenn diese Normen selbst im RID und/oder in den technischen Anhängen des ADR in Bezug genommen werden.

This European Standard was approved by CEN on xx-xx-xx.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 23 "Transportable gas cylinders", the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by June 1999, and conflicting national standards shall be withdrawn at the latest by June 1999.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

1 Scope

This European Standard specifies the requirements for filling individual acetylene cylinders with different porous masses and different solvents including individual cylinders without solvent.

2 Normative references

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies.

EN 1800 : 1998 Transportable gas cylinders - Acetylene cylinders - Basic requirements and definitions.

3 Definitions

For the purpose of this European Standard the following definitions apply:

3.1 acetylene cylinder

Cylinder containing a porous mass with or without solvent for the storage of acetylene.
